

LIGHTS, CAMERA, **Action!**

Virtual Edition

THE IDEA

Transforming a great idea into a feature film is said to be the magic of Hollywood. Rarely do we think about the necessary pieces that need to come together to produce this magic, but it is a collaboration where true teamwork happens.

This team building adventure will have your group identifying the skills needed for team success. Groups will be challenged to communicate this through a 'movie trailer' made up of digital photographs, screen shots, narration, and special effects.

THE DETAILS

- Your team will be divided into small 'production crews'
- Crews will earn various movie enhancing rewards by completing pop-culture related challenges
- Each production crew will create a 1-minute trailer using digital photography, screen shots and whatever else their imagination comes up with.
- Final creations will be presented at the 'Summit Film Festival' where only one team will be awarded Best Picture!
- Overall theme of films to be created can be customized to compliment your team's conference theme or company values

THE RESULTS

- Foster creativity and celebrate team success
- Present key organizational themes or messages in an entertaining and memorable way
- Meet challenges with new enthusiasm

VIRTUAL TEAM BUILDING PROGRAMS

The event allowed me to see myself and those around me better. I learned not to take situations for granted but to optimize them through shared leadership and coordinating activities.
