

FALLS AVENUE Culinary CHALLENGE

THE IDEA

Searching for a model of brilliant teamwork in action? Look no further than the kitchen of a great restaurant or the wineries of Niagara.

Chefs practice communication, prioritizing, adaptability and improvisation everyday. Perseverance, hard work, and confidence in their potential are some of the attributes that have made the wineries of Canada internationally recognized.

Now your corporate team can harness and hone all of these skills by participating in The Falls Avenue Culinary Challenge. Designed & delivered by Summit Team Building- one of Canada's leading team and leadership development providers!

THE DETAILS

- Competitive teams must create a culinary masterpiece and pair it with the perfect Niagara wine
- Your team will be taken through a brief wine identification seminar, highlighting how to view, smell, pair and taste a glass of wine in order to fully appreciate it
- Ingredients and cooking equipment are earned through a variety of challenges, including food & wine trivia, blinded aroma station, and some out of the ordinary team building exercises
- Teams must adapt, improvise and harness all of their creative thinking
- Teams are then challenged to creatively present their masterpiece to our panel of judges
- Time and resources are limited and pressure is high

THE RESULTS

- Build relationships by allowing your team to play with a purpose
- Balance limited time and resources to create and market a winning culinary masterpiece!
- Inject a high-energy event into your offsite meetings
- Develop wine appreciation skills and an understanding of the Canadian wine industry
