

# PLAY IT Forward

<input checked="" type="checkbox"/> In-Person	<input type="checkbox"/> Indoor	<input checked="" type="checkbox"/> Active	<input checked="" type="checkbox"/> Competitive
<input checked="" type="checkbox"/> Virtual	<input checked="" type="checkbox"/> Outdoor	<input type="checkbox"/> Less Active	<input type="checkbox"/> Non-competitive

## THE IDEA

When you give grown-ups permission to play, something amazing happens. People laugh together and they re-ignite that creative spark. Add a little friendly competition (for bragging rights) plus a give-back element that helps an entrepreneur start or grow their business and your team will truly be “playing with a purpose.”

Combining team building and philanthropy is something that is not only possible, but it's expected from today's progressive organizations. This fast-paced adventure race combines digital photography with interactive team initiatives, while uniting team members as they work toward a common goal.

Participants will be playing it forward with the purpose of raising funds for Kiva – the world’s first person-to-person micro-lending website. Kiva empowers individuals to lend directly to unique entrepreneurs in the emerging world. Visit [www.kiva.org](http://www.kiva.org) for more information.

## THE DETAILS

- Each team chooses an entrepreneur to raise funds for
- Teams must use problem solving and teamwork skills to find a series of locations
- Teams must decipher cryptic clues or identify a place based on a photograph
- Groups will be given resources (cameras, clues, etc.), instructions and planning time to develop their strategy
- This innovative scavenger hunt will put these strategies to the test as groups must use their team skills to maximize their lending potential for their entrepreneur

## THE RESULTS

- Encourage social responsibility by giving back to the global community in a tangible way
- Take a refreshing break from the inside of your meeting room and enjoy the local culture and sights surrounding your venue
- Use creative problem solving to develop strategies that lead to high performance

## TEAM BUILDING PROGRAMS

*Working with Summit was just the thing our department needed. What an awesome, fun way to demonstrate how valuable each person is to the team. We experienced much laughter together while learning some valuable lessons.*
