THE IDEA

Climbing one of the tallest mountains in the world takes teamwork. Teams must build trust, communicate effectively, problem solve and push through challenging times. The Blue Mountain Altitude Challenge takes your team through the experience of climbing Mount Everest, as represented by the beautiful Blue Mountains. In this high-energy and extraordinary program, your team will be tested through a series of competitive challenges as they ascend through various camps and towards the summit of the mountain. There, your team will be greeted by the breathtaking views of Georgian Bay and the surrounding countryside – an unforgettable experience for your entire team.

Take your Blue Mountain event to the very peak of its potential with the innovative Blue Mountain Altitude Challenge – designed and delivered by Canada's most experienced team development providers!

THE DETAILS

- The group will be divided into competitive teams with the objective of reaching the summit first
- At each of the camps along the way, teams will be put through an engaging and collaborative challenge, as facilitated by Summit's experienced and skilled staff
- In order to progress to the next camp and towards the summit, the team will need to use and refine their collaborative and communication skills to overcome each challenge
- This exhilarating program will provide your team with a unique opportunity to experience an unforgeable adventure, while taking in the beautiful natural scenery of the Blue Mountain escarpment

THE RESULTS

- Develop camaraderie and relationships among team members through a unique shared experience
- Develop and refine collaborative problem solving skills through strategic team challenges designed to enhance various components of team performance
- Boost levels of energy and enthusiasm among groups through an active and motivational experience

TEAM BUILDING PROGRAMS

Our event at Blue Mountain Resort was delivered in a professional and fun manner, and Summit catered to our team's needs and expectations. The facilitators were knowledgeable and delivered the program in a creative way. Overall, the program was a lot of fun and the team is still talking about it!
