

# LEARNING IN Thin Air KEYNOTE

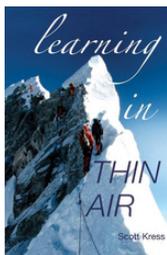

**Are you looking to build a team that can achieve big goals, overcome daunting obstacles, and stand on the Summit together? Learn from someone who has done just that.**

Scott Kress is a noted speaker, author, team building expert, former MBA Professor and leadership consultant, helping organizations turn their teams and leaders into passionate achievers.

What sets Scott apart is his ability to scale mountains. Scott is the 51st Canadian to summit Mount Everest and the 18th Canadian to climb the seven summits; the highest point on all seven continents. He has skied 1000km unsupported to the South Pole and guided a team of wounded soldiers to the magnetic North Pole.

When Scott engages his audiences with audacious tales of his Everest climb where challenge and change were abundant, and seamlessly ties that into reaching ones professional and personal goals, one can't help but listen. Scott demonstrates that the tools he uses to find success in the mountains are the same tools that each member of the audience can start to use in their workplace.

Scott's presentations are high-energy, engaging and passionate but most importantly they are relevant to the challenges faced by organizations and their teams today, as each presentation is custom designed to meet your needs. Topic areas include; team building, trust, change, goal setting, leadership, overcoming challenge, perseverance, planning team culture, conflict, and more.

## **Add a book to your keynote**

More than just a motivational story, the book includes real tools, techniques and models that people can apply to their lives. Everest is the story, but personal, professional, team, and leadership development is the objective.

## MOTIVATIONAL SPEAKER

*Scott's high energy talk on his Everest climb kept everyone in awe, demonstrating how successes and failures directly related to the team and their interaction with each other.*

**Valerie Hotton,**  
Mgr, Special Projects, Tax Appeals  
Branch, Ministry of Revenue

## THE RESULTS

- Motivate and inspire your teams to set and achieve stretch goals
- Meet challenges with new enthusiasm
- Engage leaders to build high performance teams
- Understand how to flourish within change and ambiguity
- Encourage ownership and accountability for results
- Create big picture thinking and generate interdepartmental collaboration
