

ACHIEVE THE Outrageous KEYNOTE

THE IDEA

**Are you striving to achieve something truly outrageous?
Learn from someone who has been there and done that.**

Achieve the Outrageous is aimed at helping the individual within the team perform at their peak. Any company, leadership team, departmental team or individual seeking to achieve a big goal will benefit from this presentation. Scott will share his insights into goal setting, overcoming adversity, perseverance, and so much more.

THE DETAILS

In the pursuit of bigger and bigger goals, Scott and three partners skied unsupported from the coast of Antarctica 960km to the South Pole; one of the most difficult journeys on earth. Along with this achievement comes Scott's keynote, "Achieve the Outrageous". In this presentation, Scott will share the story of his punishing 44-day expedition across some of the most hostile ground on the planet and punctuate it with learning and application.

Scott's presentation is high energy, passionate, engaging, and most importantly, relevant to the challenges individuals face in reaching outrageous goals.

Scott Kress is a masterful storyteller, an author, a leadership and team building expert, a former Executive MBA and EMBA Professor and a life-long adventurer. He is the 51st Canadian to summit Mount Everest, and the 18th Canadian to climb the highest peak on each of the 7 continents.
